# LETTER FROM THE CEO

All,

This was a busy week with post-Beryl action. I want to point out a few things we are working on as a system:

--I met with the CEO of Memorial Hermann Northeast this week to discuss our extended wall times. It was a positive meeting between us and a representative from the system level. We discussed some ideas and they are going to have a series of internal meetings on the subject. I'm optimistic we are making progress.

--We met with the leadership of Centerpoint on Thursday, August 15<sup>th</sup>, to ensure our facilities are on a critical infrastructure list and to show them what we do. We also had Myriam Saldivar of State Representative Armando Walle's office in attendance. It was a productive meeting.

--We met with AC and mechanical representatives on Monday, August 19<sup>th</sup> at 10am at Station 94 to try and diagnose what is wrong with the humidity levels at 92 and 94. I'll keep you updated on that.

--On Thursday, August 01<sup>st</sup>, we did an internal after-action meeting and documented everything that we thought worked well and not so well. This will help us to prepare for future storms and power outages.

--Station 93/96 construction is going well. There are a few unforeseen issues that may push us into November for the opening of those stations.

Please stay safe and cool and hydrated out there. Thanks for all you do!

*Jeremy*

# GRAND ROUNDS

Presented by Montgomery County Hospital District EMS, in collaboration with Harris County ESD-11 MHC and Harris County Emergency Corps - in partnership with:

Join us on September 25th for a collaborative Grand Rounds session with HCEC, ESD-11, and MCHD, hosted by SHSU-School of Nursing.

Grand Rounds is a formal meeting where physicians dive into the clinical cases of one or more patients, offering a deep dive into diagnosis, treatment, and outcomes.

It is a key part of medical education, enhancing our knowledge and sharpening our clinical reasoning skills. Whether you are new or experienced, this is a valuable chance to learn and grow together.

September 25, 2024

08:00 am - 04:00 pm

SHSU School of  
Nursing  
3380 College Park  
Drive  
Conroe, TX

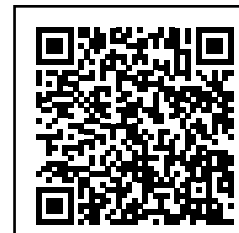

## Join HCEC at the 2024 Walk Like MADD Event!

HCEC is proud to participate in the Walk Like MADD Southeast Texas event for the third year in a row, as we continue our commitment to creating a future of No More Victims®. This important event raises awareness and funds to eliminate drunk and drugged driving.

We invite you to walk with us on  
Saturday, Sept. 28<sup>th</sup>, at 08:00 am  
at Champion Forest Baptist Church  
in Jersey Village.

Register today to join the HCEC team!

# WELCOME OUR NEWEST TEAM MEMBERS!

**Isenia  
Cruz**  
EMT-Basic  
Operations-Part Time

Isenia earned her EMT-B certification in high school through the MCHD program, and is currently pursuing further education in Paramedic school to deepen her knowledge and skills.

Isenia's goal in working in EMS is to assist those who may be hesitant to seek medical care or who cannot afford it. She understands that not everyone has had positive experiences with EMS, and she strives to make a difference, even if it's just for one person at a time.

Outside of work, I enjoy hiking and exploring new places like parks and nature trails.

**Casey  
McGuire**  
Advanced EMT  
Operations-Part Time

Casey started his educational journey in January 2023 at HCC, where he enrolled in the EMT-B program. In the fall of 2023, Casey continued his studies by entering paramedic school and earning his AEMT certification. Casey is set to complete his paramedic certification in mid-December.

Casey's decision to pursue a career as an EMT was inspired by a chance encounter while walking to class one day. He witnessed an EMS team bandaging a professor who had fallen and struck his head. The sight of them calmly and efficiently handling the situation deeply resonated with him, and he realized that he wanted to be able to respond to emergencies and provide help in critical moments.

Outside of EMS, Casey has a variety of hobbies that he enjoys--reading books, playing piano, exercising, watching movies, and fishing.

**Elizabeth  
Schatelowitz**  
EMT-Basic  
Operations-Part Time

Elizabeth is originally from Galveston, Tx, and has been working in EMS for 4 years now. She studied biology and is currently working to complete her bachelor's degree in preparation for applying to Medical School.

Elizabeth has always had an interest in medicine since she was very young. She has wanted to become a physician for as long as she can remember. Elizabeth enjoys helping people and making a difference in the lives of those in her community. She chose HCEC because of the strong emphasis on the importance of education and the pride our staff has in the care and help they offer to the community.

She enjoys traveling, camping, hiking, and any other outdoorsy activities. Elizabeth has visited several places within the United States as well as the Middle East.

**Gerson  
Uriarte**  
EMT-Basic  
Reserve-Volunteer

Gerson currently works full-time in IT at a school, but is exploring a career in healthcare. He completed his coursework at Axon Education and completed his clinicals with Acadian Ambulance.

He chose to volunteer at HCEC because he has heard great things about the organization and admires the exceptional service.

In his free time, Gerson enjoys running and has a passion for computer engineering.

# HCEC C.O.R.P.S AWARD

## June 2024 Summer Cooper

The HCEC employee recognition program is called the CORPS Award which stands for:

**C**aring for  
**O**thers with  
**R**espect,  
**P**rofessionalism, and  
**S**ervice.

Employees are recognized for outstanding service, quality care and portraying HCEC's core values.

I believe Summer embodies the Corps Values more than any person at this company. For starters when I first met her she was in training and she was very humble and kind and always willing to help any one for any reason.

As an attendant she worked hard and really was enjoyable to work with. The thing I most want to recognize her for is how she takes each station she is at and makes it into a comfortable inviting space and truthfully makes them better at a cost only to herself. If you have not been to 95 recently you should stop by she brought in live plants, air fresheners and decorations and gave what was an old dingy station a new life. I would venture to say by her actions she made 95 as good as one of the new stations.

She also purchased these things with her own money and did not ask for anything from anyone else. She just saw a need to make a station better and did it. This was not a one off thing either, I walked into 94 today and I can see she came in and started making this station better with plants and decorations as well. She clearly wants to make HCEC better in any way she can and that's why I believe she deserves a CORPS award.

**—Chase Hinman**

# The HCEC SAFETY SECOND

## A brief word about Lytx Driver Safety Program

Throughout the day, Lytx DriveCam event recorders capture driving that may be risky, sending information about those events to Lytx,where their advanced technology filters out irrelevant events and uncovers risk in our fleet.Then, their professional analysts review hours of footage to reliably identify over 60 risky behaviors.

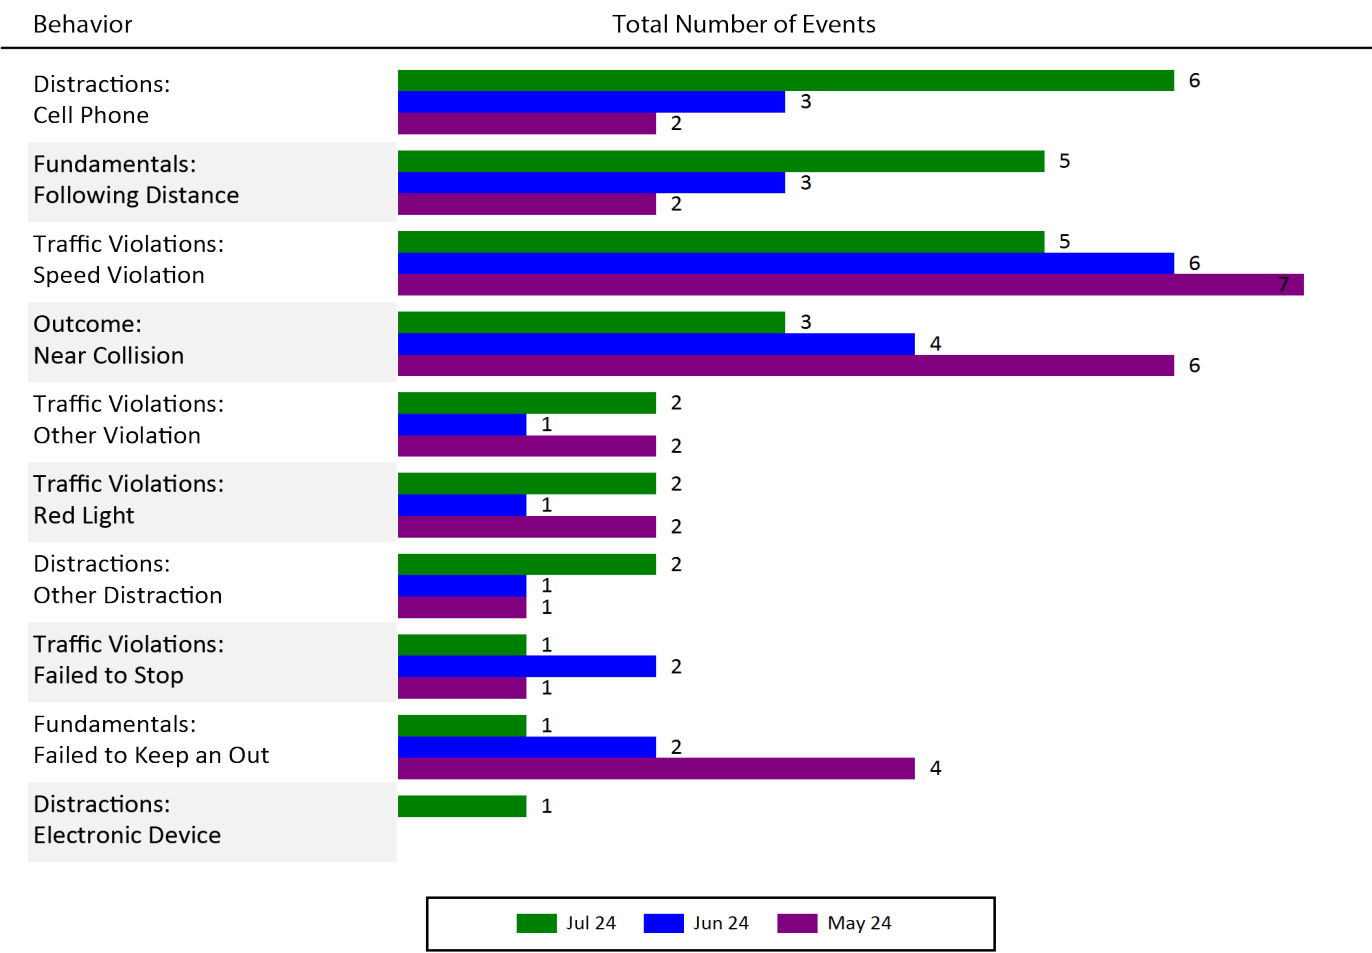

Then, select events are prioritized and sent to our Lytx account.

From there, their step-by-step workflow helps us coach in just a few minutes, helping us to improve driving habits and change driver behavior.

This proven formula also includes detailed reports that show us where to focus to achieve our goals.

## TOP BEHAVIORS EXHIBITED BY HCEC DRIVERS

Displays the top 10 behaviors that were exhibited the most in events recorded in the reporting month and includes totals for the previous 2 months. For each event detail, the reporting month's total and the previous 2 month totals will be displayed.

MAIN EVENT

# FIRST RESPONDERS APPRECIATION DAY

DATES AND TIMES

**SUNDAY, SEPTEMBER 1ST**  
**FIRST PITCH - 6:35PM**

ADDITIONAL INFORMATION

Join the Sugar Land Space Cowboys, Triple-A affiliate of the Houston Astros, on Sunday, September 1st, Labor Day Weekend, here at Constellation Field for First Responders Night, presented by Brazos Valley Schools Credit Union!

The Sugar Land Space Cowboys will be facing off against the Salt Lake City Bees. First pitch is at 6:35pm and gates open at 5:30pm. Enjoy a night of baseball while celebrating all of the amazing first responders that make our community a better place. First responders will receive a free ticket with a valid email as well as discounted tickets for friends and family!
